

**SERVE. GROW.
LEAD.**

Williams YMCA Jr. Leaders' Club Program

Leaders' Club is a nation-wide program that helps teens discover their full potential as leaders. It is a safe place where teens from all over the area can come and be themselves. Our goal is to challenge them to **SERVE** their community, **GROW** in who they are and **LEAD** those around them. We have weekly meetings, service and social events as well as trips throughout the year.

The Club will select its own leadership and determine which service projects to work on. Meetings will include games, discussion, food, and an opportunity to learn what each youth is passionate about!

We welcome anyone who is interested to please attend our interest meeting on
