

Do you enjoy time with others?

Are you a good listener?

Do you believe in kids?

Ready to make a difference?

Become an Avery Mentor!

Avery Mentoring Program is a partnership of WYN and the Williams YMCA

What is a mentor? A mentor is a compassionate adult role model and advocate who helps a youth in need of caring guidance grow up to be their best.

What would I do? A mentor commits to spending about two hours per week for one year with a specially-matched mentee (a local youth). Go fishing together, take a walk, make a meal, or do whatever everyday fun things you both enjoy doing, and just listen to each other.

Why do it? Someone needs you. **PLUS, it works!** Young people involved in mentoring programs improve academic performance, school attendance, and behavior. Most of all, they know someone cares about them being the best they can be! Also, mentors and their mentees receive a complimentary Y membership, so you can be healthy together!
